Available upon request. Includes former Twilio Sales Managers (direct report), Head of Engineering APAC at Twilio, as well as options around previous customers and/or colleagues

PROFESSIONAL EXPERIENCE

Twilio | Sydney (Remote)

As the world's leading (CPaaS) Customer Engagement Platform, I helped enable businesses to build personalised customer engagement at scale through programmable voice, messaging, video, verification and data APIs. I've held three progressive roles within the ANZ business, from Mid-Market into the newly established ISV practice.

New Business Account Executive – ISVs ANZ *October 2023 - July 2026*

Focused on new logo acquisition across high-growth technology companies and independent software vendors throughout Australia and New Zealand. Managed the full sales cycles from prospecting through to close whilst still working closely with SDRs and Marketing teams to build and accelerate top-of-funnel pipeline. Tight cross-functional collaboration with Sales Engineering to work deep within the engineering/development teams to scope, design and deploy unique use cases for ISV's to deploy at scale.

- 191% quota attainment 2023
- 120% quota attainment 2024
- 81% Quota attainment 2025
- Successfully closed Xero as a net new Twilio customer after winning the JAX (Just - Ask - Xero) use case RFP. Generative AI business companion which is being deployed to 7M Xero users

Strategic Account Executive – ISVs ANZ *April 2023– October 2023*

Part of the inaugural Australian ISV team, responsible for establishing and scaling Twilio's presence in the high-growth technology and software vendor segment across ANZ. Developed strategic account plans, built executive-level relationships and drove platform adoption across a portfolio of fast-scaling tech companies. A heavy focus on increased vertical and horizontal adoption of the Twilio stack. Cross-sell initiatives led to 35% YoY revenue growth within this account group.

- 125% quota attainment (revenue) 2023
- President's Club – The Bahamas
- Maintained and grew a portfolio of approx. 25x Twilio's largest spending ISV customers ranging from \$300K to \$1M+ ARR
- Achieved 35% YoY growth within this account group

Mid Market Account Executive *March 2021 - April 2023*

Joined Twilio covering the mid-market segment across ANZ, responsible for new business development and expansion across a broad portfolio of accounts. Partnered closely with SDRs and Marketing to generate top-of-funnel activity, and collaborated with internal teams to rapidly qualify and progress opportunities — quickly ramping to become one of the highest-performing AEs in the region.

- 331% quota attainment 2021
- 175% quota attainment (Software) and 119% (revenue) 2022
- Closed OfficeHQ Flex Contact Centre deal — 250 agents — within 8 weeks of onboarding at Twilio

8x8 | Sydney *Feb 2018 – Aug 2020*

Account Executive – NSW/VIC

8x8 is a leading cloud-based Unified Communications, Contact Centre and Collaboration platform. I joined as one of the founding ANZ team members, responsible for driving new business across NSW and VIC through direct and channel-assisted sales. Worked cross-functionally across the broader 8x8 business — collaborating with marketing on demand generation, with pre-sales on technical demonstrations, and with channel teams on partner enablement and co-selling motions. The ANZ business scaled from 5 to 35 employees during this tenure.

- President's Club – Year 1 (Monaco) at 108% of target
- SiteMinder – 250 Contact Centre agents + 500 business users across ANZ, US, UK & Thailand (~\$600K ACV)

Genesys / Interactive Intelligence | Sydney *Jan 2014 – Feb 2018*

Mid-Market Sales Manager *Jan 2017 – Feb 2018*

Following Genesys's acquisition of Interactive Intelligence in December 2016, I was promoted into a newly created Mid-Market Sales Manager role. Operating as a player-coach, I led a team of four Mid-Market Territory Managers while continuing to carry a personal quota on key strategic accounts. Worked closely with marketing and senior leadership on go-to-market strategy, and collaborated across product, pre-sales and professional services teams to deliver comprehensive solutions to mid-market customers.

- President's Club 2017 (Jamaica) – 152% personal target / 106% team target

Mid-Market Territory Manager *Jan 2014 – Dec 2016*

I joined Interactive Intelligence as the company's first dedicated Mid-Market Territory Manager in Australia, responsible for direct and indirect sales of Contact Centre, Unified Communications and Professional Services across both on-premise and cloud platforms including CIC, CaaS, PureCloud and PureEngage. Managed the full sales cycle across a growing territory, working closely with SDRs, marketing and pre-sales to generate and qualify pipeline, and partnering with professional services teams to ensure seamless customer onboarding and delivery.

- Global Mid-Market Sales Rep of the Year – 2015
- President's Club 2015 (Costa Rica) – 186% of personal target
- Employsure – PureCloud deployment, ~500 agents, ~\$400K USD ACV

Arrow Voice and Data | Sydney *Jan 2013 – Dec 2013*

Corporate Sales Executive / Sales Manager

Arrow Voice and Data was a specialist reseller and managed services provider focused on the SME and mid-market segments. Managed both direct end-user sales and a nine-person internal sales team, with a core focus on the 'Turn Key' product — a bundled office hardware rental and carrier services solution incorporating vendors including Avaya, Cisco, Aruba, NEC and HP. Collaborated closely with vendor partners and internal product teams to expand the portfolio and introduce new solutions to market.

- Increased Turn Key sales by 43% across the Arrow sales team

- Successfully productised Avaya/Radvision Video Conferencing into the Turn Key suite, driving incremental growth

Distribution Central (Arrow ECS) | Artarmon Sep 2009 – Nov 2012

National Channel Manager – Vivid Systems

Distribution Central (later acquired by Arrow ECS) was a leading Australian technology distributor. Managed the national channel development of the Vivid Systems SME voice portfolio — including Avaya, ShoreTel, Lifesize, Jabra and Zeacom call centre software — across a network of approximately 90 reseller partners nationally. Worked in close collaboration with vendor partner teams, marketing and internal product specialists to deliver training, joint go-to-market initiatives and sales enablement programmes across the partner network.

- Grew the Vivid Systems business from \$2.9M (FY'10–'11) to \$5.1M (FY'11–'12), enabling the territory to be split into northern and southern accounts

Infiniti Communication | St Kilda, VIC Jul 2008 – Sep 2010

Communications Consultant

Infiniti Communication was a specialist voice and communications reseller operating across Australia. Responsible for direct end-user sales of PABX and unified communications solutions from Avaya, Alcatel, Commander and LG Aria, complemented by peripheral products including People Telecom carrier services, Plantronics, Sennheiser and Jabra headsets, and Polycom conferencing equipment. Worked collaboratively with vendor technical teams and carrier partners to deliver integrated solutions to customers.

IPL Communications | Mascot, NSW Feb 2004 – May 2008

After deferring from a University degree in Sports Physiotherapy, I secured my first corporate role on the deals desk at IPL Communications, handling general administration and order entry. It was here that I discovered my passion for technology and corporate voice solutions. As an exclusive distributor of Avaya and Alcatel PBX systems, I was immersed in a high-calibre environment of engineers and resellers who were leading the voice market across ANZ. This passion for the industry drove rapid progression into customer-facing sales roles, ultimately leading to my appointment as a Channel Manager for Avaya, where I managed relationships with over 90 resellers across Australia and New Zealand.
